The mechanics of writing English of the machine,  
hammer out a letter to the metal that bleeds.  
All your pretty gears make my heart skip a beat,  
so i cut it right out and left it there on the street.

Anatomic love for An atomic girl,  
the life of the party, government sent awhirl.  
The men all hail, you peel your flesh off in strips,  
driven wild by the sight of your titanium hips.

and i never swore it'd ever be so great it's all my-

supply of oil, quinine, they are near depleted on her  
feet,  
metal caress, soldered kisses sent to...  
"Oh, Hel. Oh, Hel. Oh, Hel, you're swell!  
Dr. Rotwang made you well."

All my hate, it's all my hate.

All my hate, and i never swore it'd ever be so great.  
it's all my hate.  
A MAN, A PLAN, A CANAL, END.
