Maybe I'm my Miles Archer
Maybe there's no Miles Archer
gets shot in the back of the alley
Nothing is quite so final
I seem to be uninjured

Positronic engineering can create the perfect brain
Positronic engineering, positronic engineering

Mark one, Miles Thirty-seven
Mark one, Miles Forty says how do you do
I'm pleased to meet me
We have such a nice face
Who is that other?

If i see me I will run
Wish I was here I'm having fun
If that's me then I must be
If that's me then I must be
If that's me then I must

Positronic engineering can create the perfect brain
Positronic engineering can create the perfect brain
Positronic engineering, Positronic engineering
Positronic engineering can create the perfect brain
Positronic engineering.
