The words that you gave
Burns in my veins
No thoughts anymore
Tearing inside

Attempting to find
A place for myself
Distance draws near
To you

Where is the last piece missing out?
(Betrayal, denying me)
When will I solve the final riddle?
(The question of where and when)
Why do you chase me in my dreams?
(Forgetting is nowhere near)
Erupting madness

So tell me where you've gone
Why I am feeling
The easy way to run
It's so appealing
Through the nightmares
I wandered
Trailing you
See my world go down

A demon inside
Clawing with thirst
Ripping apart
All that you were

Redeeming myself
Take a good look
We'll never be
Back there

There is a time for all to live
(Still searching, still looking back)
There is a time for all to die
(Still waiting, for the last time)

My hope has shattered in your hands
(How sudden, it all can pass)
The clock is ticking

So tell me where you've gone
Why I am feeling
The easy way to run
It's so appealing
Through the nightmares
I wandered
Trailing you
See my world go down

And as the world is turning
And as the sun is setting
Forever
Though never
Will I be apart from you

And as my heart is yearning
And as my soul's forgetting
Forever
Though never
Will I forget what you have done

So tell me where you've gone
Why I am feeling
The easy way to run
It's so appealing
Through the nightmares
I wandered
Trailing you
See my world go down

So tell me where you've gone
Why I am feeling
The easy way to run
It's so appealing
Through the nightmares
I wandered
Trailing you
See my world go down
