I remember when you told me how you felt for me  
A warm feeling of wanting me forever  
(But now)  
I see that it is not how you wanted it to be  
(I cry)  
Cause you're gone

You left me in the lonely dark  
Now I'm alone with my broken heart  
Left to die inside  
To live in the truth of your lies

I cry  
Cause you are gone  
It hurts  
My love for you

Still alive  
Somewhere else  
Can't reach it  
Can't kill i  
I'm confused

A picture of you  
In my mind

I'm trapped inside  
No exit to find  
I'm trapped inside  
No exit to find

A picture of you  
In my mind  
I'm trapped inside  
No exit to find  
I am all alone  
(You're not alone)  
The emptiness streamed into me  
Alone and scared, How do i break free?  
(These memories have to disappear)

My hate, my love  
(Can't see no differences)  
My hate, my love  
(I don't know what I feel)  
My hate, my love  
(Where are you, I don't care)  
My hate, My love

Still alive  
Somewhere else  
Can't reach it  
Can't kill it

A picture of you  
In my mind  
I'm trapped inside  
Myself  
No exit to find

I'll kill it (x3)  
I'll kill you

I cry (x4)

I cry when I think of your smile  
I cry when I think of your laugh  
I cry when I think of the memories  
I cry when I think of you

A picture of you  
In my mind  
I'm trapped inside  
Myself  
No exit to find

I am all alone  
(You're not alone)  
The memories streamed into me  
Alone and scared, How do I break free?  
(These memories have to disappear)

A picture of us  
Inside my mind  
I'm tearing apart

No room for remorse
