Boy, Yall sure make a good couple  
Girl I sure feel outta place  
You know I'm not one to start trouble  
I just walked over to say

\*CHORUS\*

My hats off to the one who can treat you  
The way that you need to be treated  
My hats off to the one that I lost you to  
You might even call him a friend  
So anyone who can truley love you  
More than I do  
My hats off to him

Oh girl you sure seem to be happy  
You ain't been since God knows when  
So I guess I'll be goin' now  
But until we meet again

\*CHORUS\*

Ohhhh...  
My hats off to the one that I lost you to  
You might even call him a friend  
To anyone who can truley love you  
More than I do  
Girl, my hats off to him
