

Stills, The "I'm With You"

The timing's right
And the light is soft
We've come from far
And we came here lost
We're moving east
We're rolling through
If you believe in me
I'll believe in you
I'm with you
If you want me to

Explosives highs
To breakneck lows
Every mirror in
The house has broke
The moon is red
And the sky is green

In the loneliest place
You've ever been
I'm with you
If you want me to

A darkness shines
Through my airplane
Purple and bright
On my window pane
Be close to me
Be where I am
Where the wind is hard
Where the wind is hard
The night is blue
