We all need to feel secure  
We're so middle class  
But I'm still waiting for next week's  
Chemical blast

Dont go feeling insecure  
No feeling sad  
With an M-16 you'll feel the surge  
Of your American past

But are you afraid?  
You always said the world  
Would never last  
And Lola, I'm not afraid  
If we star-wipe all your past away  
Then the sun burns  
One more day

Lola, Lola  
Will the world end me and you?  
Lola, Lola  
No we're never gonna make it through

Can you take me back to that  
Place where stars glow  
Comets swarm like fireflies  
Outside your window

But are you afraid?  
You always said the world  
Would never last  
And Lola, I'm not afraid  
If we star-wipe all your past away  
Then the sun burns  
One more day

Lola, Lola  
Will the world end me and you?  
Lola, Lola  
No we're never gonna make it through

Lola, Lola, Lola  
Lola.
