You sail through storms  
To reach into my world  
A world that gives freedom to You all

Back at home  
They treated You like shit  
A world that brought sorrow to You all

Welcome to this world of fun  
I will bring You round and round  
Sorry that I never introduced myself  
I will always try to be what I am

I am just a holy ghost  
I will try to be Your host  
Promise that I always will take care of You  
I will always be by Your side

Now You reached  
Into my holy land  
A world that You thought was so good

Now it's time  
To see what I have done  
I am the Evil one  
Welcome to this world of fun  
I will bring You round and round  
Sorry that I never introduced myself  
I will always try to be what I am

I am just a holy ghost  
I will try to be Your host  
Promise that I always will take care of You  
I will always be by Your side

OOOOOHH

Welcome to this world of fun  
I will bring You round and round  
Sorry that I never introduced myself  
I will always try to be what I am

I am just a holy ghost  
I will try to be Your host  
Promise that I always will take care of You  
I will always be by Your side
