Darling, you're lost but I know that you soon will be
found
in yourself and then you'll go your own way
I hope that I always will stand by your side
when your dazed and confused 'bout what your mind
will say

Your mind and soul talks to me

Look at the world, all those people around,
what on earth have they found that make them keep
going on?
Don't dig to deep, you hit stones that punch holes
in your innocent soul, now look what you have found

It's Tuesday Afternoon and the sun has been
shining on the world today
All those people passin' me by outside,
they won't hide their love away

Darling, it's time to wake up,
you should listen to what the unprecious
little songbird sings
Take care of that sound, put it into your head
That's how you feed up your soul,
you can begin with this

It's Tuesday Afternoon and the sun has been
shining on the world today
All those people passin' me by outside,
they won't hide their love away
Tuesday Afternoon
Shining on the world
All those people passin me by outside,
they won't hide their love away

It's Tuesday Afternoon and the sun has been
shining on the world today
All those people passin' me by outside,
they won't hide their love away
Tuesday Afternoon

Shining on the world
All those people passin' me by outside,
they won't hide their love away
