Ain't no third or a sixth or a hundred good deed  
Piled up old corpses in closets we keep  
Bow down to the sound  
When No ones around  
When yer stronghold: I  
Folds down, I arise  
I'm in.

Hunter awakened  
The sun is burning holes in my eyes, (you feel it?x4)  
You look away while I'm homing in  
You can run but you can't hide. yeah!

Well it's a dog eat dog world.  
And you're on my turf now - lil' girl!  
When the sharks smell blood and the primate evolves  
Ain't nuttin' you can do but to lay down and trust me.

Hunter awakened  
You stare into the villains eyes (You see it? x4)  
You look away while I'm homing in.

Your footsteps are gone, but yer scents still around  
Can't hear the beat of yer heart, but your scents still  
around  
I follow traces in thin air (cause) your scents still  
around.  
I use my 666th sense, and I'll hunt you down!

Hunter awakened  
You stare into the villains eyes (You see it?x4)  
You look away while I'm homing in.  
You hold your breath while I'm moving on in  
You know you're beaten, I see the blush on your chin.  
Oh!
