Can I never ever break these wielded gates  
Cause I've got a fire burning outside the walls  
This time, will the readings become cler?  
The days of wondering resounding for years

Toss and turn forever  
Sticks and stones lie beneath  
Prophecies of disbelief

Could I follow all the loose ends that I've found?  
That leads up to the inevitable defeat  
And fright and nevers and shades of hurt and thoughts  
that  
somehow keep swirling towards the bleeding end

Toss and turn forever  
Sticks and stones lie underneath  
Prophecies of disbelief  
Whenever you stopped feeling something  
Whenever you stopped feeling weak  
I turn again  
All I want is to sleep

Once I've settled down  
My eyes staring out  
But still towards the ground  
This headache race  
Won't back down  
if I make this  
It will get its rest  
I try to, you know  
But the tightened ropes deny me of the soothing rest  
Euphoria

Toss and turn forever  
Sticks and stones lie beneath  
Prophecies of disbelief  
whenever you stopped the feeling something  
Whenever you stopped feeling weak  
I turn again  
All I want is to sleep
