At the cost of a feeling
At the costs of a bittersweet tear
I rub my eyes
Those treacherous eyes
Stapled and shut at the end of the paragraph
All wrapped!

Something's got a hold of me
Summons me back
Banished from reality

Is it worth this damn headache?
When you start something over and over again
(Rise! It's time to rise!)
Look for the exit,
The curtains are closed
It's the end

Something's got a hold of me
Summons me back
Banished from reality

So I fail again
By starting all over
This miserable attempt
To finish the puzzle

The last good page
Descending
A hollow fate
Searching
A brand new hope
A new ending
You make yourselves saviour this
Valuable moment until the candle is...
Burned, it's burned out!

So I fail again
By starting all over
This miserable attempt
To finish the puzzle

[Solo]

Oh, it's all wrapped!
Something's got a hold of me
Summons me back
But there's still one piece left on the table
