I am gonna be your lover can't you see
so don't you try to run away from me
'cause I have been waiting for you endlessly

I want you so bad I will be the best you ever had

You are gonna love me
dead or alive
You are gonna hold me
dead or alive
Girl I am gonna get you
dead or alive
You will be my lover
or blood on my knife

I want to fuck you in a million ways
I will be your daddy on those endless days
I want to see me in your perfect face
