What you gonna do with a life full of sickness?
What do you believe in a one way ticket?
My eyes to see a billion wankers around me
Teach my hands to kill religion insanity

Enemys controlling words

Praise Satan
God is he great
Hail the lord thats what we say
Raise your hearts, yes we will do
and become a part

May we all depart to a trip to hell
We are inviting, we are the guide
Raise your fists for this endless fight
bye bye mother "IN ALLE EWIGKEIT"
