Wine turns to water and weed turns to dust  
but the love that I feel "ENTPUPPT SICH ALS HASS"  
Where have all these flowers gone  
which I've found between your legs  
it is the past and now we dance  
like we'll never do again

Grab with our hands for the sun,  
leave the memories all behind,  
rolling up I'm on my knees  
And the circus has begun your eyes turning into white,  
blood is glooming out your tongue  
You're right and I'm false  
Save me the last waltz  
Save me the last waltz

It's not to believe but look at what we've done  
I stepped into your world with open arms  
You welcomed me in and I felt in love  
with the white kingdom without no behalf
