[Track #6]

Somewhere she waits for love  
Somewhere she waits for love  
Hush my little darling, don't you cry  
Somewhere long lost words  
from a soft lullabye  
In a world where love can hurt you,  
dreams desert you  
An answer's hard to find  
Full of faith, still something's missing  
No one to run to  
(chorus)  
Somewhere she waits for love  
with the open eyes of a little child  
She's looking back for love  
and the dreams she left behind  
in a lullabye  
Kill the TV set, switch off the lights  
Keep the world outside locked away for the night  
Smoky bars and cheap seduction,  
false surrenders  
Nothing much to lose  
All grown up, the world seems colder  
So sad and lonely  
(chorus)  
Somewhere she waits for love  
with the open eyes of a little child  
She's looking back for love  
and the dreams she left behind  
in a lullabye  
A promise from yesterday surrounds her  
as she waits there for love  
Close your eyes, the spell is broken  
Your dreams are calling  
(chorus)  
Somewhere she waits for love  
with the open eyes of a little child  
She's looking back for love  
and the dreams she left behind  
Somewhere she waits for love  
with the open eyes of a little child

She's looking back for love  
and the dreams she left behind  
Somewhere she waits for love
