Are your shoes too tight?  
Is your head too heavy for the body?  
Are you on your own?  
Do you lie awake in the night  
You can hold your breath  
You can run away like a quitter  
You can save yourself  
But your ship will only be sinking

And if your shadow walks  
I will be right here beside you  
If you get in too deep  
You will owe the rest to me

You can rival all you want  
But you won't see me, I will be gone  
'Cause you've hurt this darkened lady  
You'll never do it again

is your garden green  
Or did you kill the very last flower  
Do you sleep at night?  
Cause your dreams are nothing but fading

And if your shadow walks  
I will be right here beside you  
If you get in too deep  
You will owe the rest to me

You can rival all you want  
But you won't see me, I will be gone  
'Cause you've hurt this darkened lady  
You'll never do it again  
And if heaven walks with me  
I will leave cause I don't have to stay  
Now you've hurt the last time baby  
You'll never do it again

And if I should fall  
I won't mind at all  
Someday I will find

My own piece of mind  
And if we should meet  
iwon't say a thing  
Someday you will see  
You're not meant for me

You can rival all you want  
But you won't see me, I will be gone  
'Cause you've hurt this darkened lady  
You'll never do it again  
And if heaven walks with me  
I will leave cause I don't want to stay  
Now you've hurt the last time baby  
You'll never do it again
