I bear a terrible scar  
For I have been to war  
I hear a rumor that I  
Am getting ready for more  
Cause I  
Choose to claim my own ground  
Proudly standing black and white  
After the bitter fall

It's what I wanted  
Not what you needed coming from me  
If you could only see me try

You said that I couldn't fail  
Again I proved you wrong  
If I go down in flames  
I'll have you follow along  
But I  
I will not surrender  
I am counting dominoes  
And watching as they fall

But is it a wonder  
That I didn't make it  
A desert of madness  
I had to surrender  
Now there was a rescue  
But I couldn't see it  
So blinded by virtue  
It was stronger than me

It's what I wanted  
Not what you needed coming from me  
If you could only see me try  
But the hurting  
And the damage  
Is not nearly enough to kill me  
I will be craving more

It's what I wanted  
Now what you needed coming from me

If you could only see me try  
That's what I wanted  
Not what you needed  
If you could only see me try
