Lay down your head
Lay down your pretty little head
You've had enough
It's time for giving up
So lay down your head

He doesn't get it
He'll bring you right down to your knees
It's time to stop
He's not giving up
So lay down your head

But you found a way
You found a way

To never ease the pain
Though you feel it
You'll never heal again
Though you need
It's time for moving
It's time for moving on
It's time for moving on
On your own

There will be troubles
There will be days of loneliness
But don't you crack
He's not coming back
So raise up your head

You found a way
You found a way

To never ease the pain
Though you feel it
You'll never heal again
Though you need
It's time for moving
It's time for moving on
It's time for moving on
On your own

But now you've finally found
A place where you belong
A place that you can finally
Call a home
Hold on don't let it go

Whatever you say
Whatever you do
I'll never ever turn
My back on you
'Cause you will always be
A friend of mine
I'm watching over you
Watching all the time

Lay down your head
Lay down your pretty little head
You've had enough
It's time for giving up
So lay down your head
