How long
Will you keep me here in silence
And how much more
Before presenting me a hand
Come close
Don't you disappear on me now
Fear me not
Cause You've got nothing left to lose

I follow
My feelings
But it won't get me nowhere
I pass for a lonely person
It's all that I have got

I hold
A special kind of sorrow
It's like a friend
Whenever I'm in need
There was
A time when I was bolder
And a time
So one dimensional

I follow
My feelings
But it won't get me nowhere
I pass for a lonely person
It's all that I have got to show for

Travel the world
Nothing seems to move no matter
What I do or don't
Travel the world
Everything I touch is breaking
Withers just like you

I follow
My feelings
But it won't get me nowhere
I pass for a lonely person

It's all that I have got to show for
I follow
My feelings
But it won't get me nowhere
I pass for a lonely person
It's all that I have got to show for
