I should have known
Right from the start
You won't accept
A change of Heart
You strike me down
The judas hand
You're just another
money man

Take a look in the shadows
There's a place for friends like you
Counting your pieces of silver
For the hell you put me through
I won't be afraid

But I was wrong
To trust in you
And breaking faith
Is what you do
My head is high
I take the blame
I'll write it on
Your wall of shame

Take a look in the shadows
There's a place for friends like you
Counting your pieces of silver
For the hell you put me through
I won't be afraid

Now there's a price upon your head
Costs more than I can afford
And like a hunter I will see you dead

And now I swim towards the shore
You want it all
But I want more
You shoot me down I'll rise again
I do not fear your poisen pen
But I will give myself to you
It's in my blood It's what I do

And once again you'll say my name
I'll write it on your wall of shame

Take a look in the shadows
There's a place for friends like you
Counting your pieces of silver
For the hell you put me through

Take a look in the mirror
There's a place for foes like you
Counting your mountains of silver
For the hell you've put me through
