"Fall Down"

I think about the fragile balance
Even if it all goes wrong I know
I will still belong to you
Then I wake up in your arms
I've been there all along

What if I fall down
Can't make this on my own
What if I fall and hit the ground
Now I know I'm not alone

What if I fall down
Can't make this on my own
What if I fall and hit the ground
Now I know I'm not alone
Now I know I won't face it alone

Breathe in deep silence
The fear that grips me still comes through
But I release it unto you
There I find you waiting for me
To open up the door

What if I fall down
Can't make this on my own
What if I fall and hit the ground
Now I know I'm not alone

What if I fall down
Can't make this on my own
What if I fall and hit the ground
Now I know I'm not alone
Now I know I won't face it alone, alone

Through me
With me
In me
Flowing through me we are one

What if I fall down
Can't make this on my own

What if I fall and hit the ground
Now I know I'm not alone

What if I fall down
Can't make this on my own
What if I fall and hit the ground
Now I know I won't face it alone

Flowing through me
speaking through me
