You see me up and down  
Yeah I've been a round  
But you never changed a bit  
No you never backed down  
You've been my strength to change  
From my worst days  
And still I fool myself with fear and doubt  
But now I'm swept off my feet  
I feel so complete  
So content in the now  
And I won't let you go  
Cause you know I know  
That you don't let me down  
No you don't let me down

You bring me higher, off the ground  
Your gravity pulls me, off the ground  
Deep from the garden, where we were found

I've seen the darkest nights

Forced my eyes to bleed  
I've lived without a light  
Battled lies and greed  
You've taught me how to fight  
Life's tempting ways  
And still I fall from flight  
But you're here  
And now I'm swept off my feet  
I feel so complete  
All is perfect right now  
And I won't let it go  
Cause you know I know  
That you don't let us down  
No you don't let us down

You bring me higher, off the ground  
Your gravity pulls me, off the ground  
Deep from the garden, where we were found
