If you tell me I will listen
There's so much I need to learn
Fill this moment with your wisdom
Take this spark and make it burn

Show me love my arms are open
Its only now I've been awoken
Lead me to the journey's end
Save me from the colder season
Tell me there's a deeper reason
Lead me to the journey's end

I was told there is no meaning
I've been taught to keep things in
There's a darkness that I've, I've been deep in
Is there nothing that I can win?

Show me love my arms are open
Its only now I've been awoken
Lead me to the journey's end
Save me from the colder season
Tell me there's a deeper reason
Lead me to the journey's end

Oh wont you lead me
Come lead me yeah

Its easy if you can see what guides you
But I reach for what I, I cant hold

On and on and on and I say
On and on and on and I say
Lead me to the journey's end

On and on and on and I say
On and on and on and I say
Lead me to the journey's end

On and on and on and I say
On and on and on and I say
Lead me to the journey's end

On and on and on and I say
On and on and on and I say
Lead me to the journey's end

Lead me to the journey's end
Lead me to the journey's end
To the journey's end
