You've been accused of the crime of witchery
And to conspiring with poers of the dark
But they did not get an answer
Do you believe in the powers of the cross?
Or do you condemn it? Do you confess?

Still they did not hear no answer, no
If you do not answer then we judge you as we please
And we'll make you burn for your crimes
We will make you talk by purification of pain
But the prisioner said with a smile:

No I am not afraid my friend
And I know that's no crime where I am going
Cause time has chose my destiny
And I know that's no crime where I go

Do you deny that you have the skill to heal?
And that you don't have the church authority?
But they did not get an answer
All this is treason against our mighty God
And it's for sure that your soul is gonna burn

Still they did not hear no answer, no
If you do not answer then we judge you as we please
And we'll make you burn for your crimes
We will make you talk by purification of pain
But the prisioner said with a smile:

No I am not afraid my friend
And I know that's no crime where I am going
Cause time has chose my destiny
And I know that's no crime where I go

Liberate me ex inferist!

Still they did not hear no answer, no
If you do not answer then we judge you as we please
And we'll make you burn for your crimes
We will make you talk by purification of pain
But the prisioner said with a smile:

No I am not afraid my friend
And I know that's no crime where I am going
Cause time has chose my destiny
And I know that's no crime where I go

Liberate me ex inferist!
