I love you, I love you, I love you

I love you, I love you, I love you

I love you, I love you, I love you

I love you, I love you, I love you

I love you more than there are ocean grains of sand

I love you more than there are voices in the wind

I love you so, I can't let go

I love you so, I want the whole wide world to know

It's not unusual to feel this way

Sometimes I feel a bit insane

I will confess I deserve nothing less than

What you've given me so far

I feel a high when I am by your side

My life's so bright, like summer skies

I dreamed so long to have someone like you

And now you're here with me

And it feels so good

1 - I love you more than there are ocean grains of sand

(It must be love if I feel this way)

I love you more than there are voices in the wind

(Only love makes me do these things)

I love you so, I can't let go

(Now that I have you)

I love you so, I want the whole wide world to know

I always thought you were my soulmate

And extension of my heart

The angels say it's a spiritual thing

We will never be apart

That's why I'm high when I am by your side

My life's so bright, like summer skies

I dreamed so long to have someone like you, babe

And now you're here with me

And it feels so good, ooh

Repeat 1

I love you more than all the ocean grains of sand

I love you more than all the voices in the wind

I love you so, yeah

Never let you go

I love you so, I want the world to know

I love you more than all the ocean grains of sand

I love you more than all the voices in the wind

I love you so

Never let you go

I love you so, I want the world to know

I love you more than all the ocean grains of sand

I love you more than all the voices I hear in the wind

I love you so

Never letting go

I love you so, I want the world to know

Ooh boy, I love you so

24/7, it won't get old

Ooh boy, I love you so

24/7, it won't get old

Ooh boy, I love you so

24/7, it won't get old

Ooh boy, I love you so

24/7, it won't get old
