Another wave has arrived

Being funk is so surprise

Welcome the world of ecstasy

When the funk takes over me

No need to try to run away

The funk will find you the mail today

It's best if you relax your soul

Grab someone, take the floor, let it go

Let it flow, let it flow, let it flow(what'd you say)

Let it flow, let it flow, let it flow(in your heart and in your vein)

Let it flow, let it flow, let it flow(free your mind)

Did you ever make it stop?

Feel it groovin' hard within

Body is shakin' and head's in sea

Why would anyone dare to deny it

Funk is fine, don't try to fight it

The funk is the epitome

Let it flow, let it flow, let it flow(what'd you say)

Let it flow, let it flow, let it flow(in your heart and in your vein)

Let it flow, let it flow, let it flow(free your mind)

Did you ever make it stop?

Don't you part with it

I devoured it

You can work with it

You can part with it

Satisfaction guaranteed

Give'em folks what they need

What you need is indeed

A little funk from EV

Now hit me

Sounds so funky, you'd agree

Funky divas in 3-D

Let it flow

did you ever make it syop?
