Last night, woke in bed
In a cold cold sweat (so sweaty, so funky)
Dreamin' of bad things to be (or not to be)
Haunting things like homelessness (all the lonely
people)
Without a job, car, or food to eat
Leaves you a little bit paranoid, well well
(Can you spare a dime?)
But it reminds me how easily
We let our fears affect who we are
(No no no, can't come back)

1 - No bad feelings (no no no)
No sad feelings (no no no)
No jealous feelings (no no no)
No insecure feelings
(No no no, can't come back)

No ill feelings (no no no)
No jealous feelings (no no no)
No ego-trippin' (no no no)
No insecure feelings
(No no no, can't come back)

Had a friend in desperate need
Of a little attention, compassion you see
Did I mention that friend was me (nope)
Who'd just broken up from a love affair (well well well
well)
I must admit I was truly hurt
And I couldn't change the facts and that's a fact
He loves her more than he loves me
And it's truly just as simple as that
(No no no, can't come back)

Repeat 1

Don't care what other people say
Don't listen to them anyway
Can't let the evil get it's way
Don't let bad feelings make you pay

Don't care what other people say
Don't listen to them anyway
Can't let the evil get it's way
Don't let bad feelings make you pay

Repeat 1 to fade
