No hope in the mirror  
Breaking you up  
The voice from inside  
Says never enough

No hope in the mirror  
Breaking you up  
The voice from inside  
Says never enough

No transformation  
Fears, I'm accepting  
Wanting for something  
Losing too much

Hope in the mirror  
Breaking you up  
The voice from inside  
Says enough

No hope in the mirror  
Breaking you up  
The voice from inside  
Says never enough

Hope in the mirror, mirror  
Voice inside, inside, inside  
Hope in the mirror, mirror  
Voice inside, inside, inside

Hope in the mirror  
Breaking you up  
The voice from inside  
Says enough

Hope in the mirror  
Breaking you up  
The voice from inside  
Says enough
