Advertise to lonely eyes  
Living in a magazine  
and no disguise you wear can hide  
Living in a magazine

Face to love  
Style foreign minds  
Names to buy  
Fashion your life  
Caught in the middle  
With you next to me  
The image is real  
Selling a lie

Find yourself  
Between the lines  
Understand  
The change in you  
Keep a smile  
With fame in your eye  
Paper faces  
For a paper girl
