Can't keep you secret  
The place we've arrived  
I'm afraid to face  
Helpless  
And underneath words  
meanings still remain

I'm a fool and your angel  
telling lies

Still I can't let this go  
Or stop to  
Maybe say  
That I won't let you go  
Wish I could  
Maybe say

Wasted  
Looking forward to the past

If you won't be taken  
I won't try

Still I can't let this go  
Or stop to  
Maybe say  
That I won't let you go  
Wish I could  
Maybe say

Still I can't let this go  
Or stop to  
Maybe say  
That I won't let you go  
Wish I could

Maybe  
Maybe say
