Stay and hold the moment.
Lose your disappointment.
Promises made on plastic.
What is it you're asking?

You and I,
Just work it out.

When I couldn't stand,
You gave me your hand,
And now I need something more.
I knew it was there,
'Cause you seemed to care.
So tell me what that was for.

Talking nothing to me.
Single in your company,
Must be your intention.
I feel I'm left with no surprises.

You and I,
Can work it out.

When I couldn't stand,
You gave me your hand,
And now I need something more.
I knew it was there,
'Cause you seemed to care.
So tell me what that was for.

If we try,
To work it out.

Fill my heart with love,
Not letters later.
Only take your time I wonder,
What it is you're after.

You and I,
Go through our life.

When I couldn't stand,
You gave me your hand,
And now I need something more.
I knew it was there,
'Cause you seemed to care.
So tell me what that was for.
