It's the way you move your feet
When you walk across the street
I can't think, I can't breathe
Can I have just a minute of your time?
I lust to know your name before you go away for good
Follow you home
I want to get you alone

I may be crazy, for falling in love
I try so hard baby, but it's still never enough
I want your blood
I want your soul
Want to feel your tears upon my face
I want it all, I want it all
Won't stop until I die in your embrace

And it's the way you scream at night
'Cause I won't let you shut your eyes
It's all for you
Gonna make you see
This obsession, now it breeds insanity
And if you were to tell me "no"
Do you think you could bear the load?
Unstoppable, insatiable
My voice will be with you wherever we may roam

I may be crazy, for falling in love
I try so hard baby, but it's still never enough
I want your blood
I want your soul
Want to feel those tears upon my face
I want it all, I want it all
Won't stop until I die in your embrace

This kiss
So sweet
Your touch is never enough
Do you think you're meant to fear me baby?
Because I love it when i see you cry
Do you know this is the only way to show you I'm so
dead inside?

I may be crazy, for falling in love
I try so hard baby, but it's still never enough
I want your blood
I want your soul
Want to feel those tears upon my face
I want it all, I want it all
Won't stop until I die in your embrace
