[] this channel I reside in
Has welcomed me with open arms
And been mistaken so long
As these wounds hide
The weight of my regret has fallen so far under
These walls sing a verse asunder
Destroy, destroy, detach again

CHORUS

Well I drown myself but still I breathe
Well I cut myself but I don't bleed
Well all I want is to feel your breath against my neck
But you're gone and I'm alive
And still I breathe

All that remains in this channel I reside in
Are two hands so alone
There's no safe haven there's no home
And only by the sounds that lead me from the silence
[?]
Hold on, we've been condemned to death

Well I drown myself but still I breathe
Well I cut myself but I don't bleed
Well all I want is to feel your breath against my neck
But you're gone and I'm alive
And still I breathe

Hollow is my stomach
As I throw up the moments we shared
And I've done too many times
Digging up the past
When you know I'll never get it

Well I drown myself but still I breathe
Well I cut myself but I don't bleed
Well all I want is to feel your breath against my neck
But you're gone and I'm alive
And still I breathe

Well I drown myself

[but still I breathe] x3
Well I cut myself but I don't bleed
[No, I don't bleed] x2
