You don't know what I whisper while you're sleeping
To myself: take it slow, I got all the time in the world.
And it's true that we both care enough to carry on this
way
And perhaps it's the fact that we're just too tired to
move

So sing, sing for the one you love
And sing, sing for the one that left you behind
We fear, we fear to be alone
But it's clear that's all we ever are

Pull out of me all you couldn't say
Do those who give you answers refuse to light your
way?
You're cries will go unanswered love,
if only for the simple fact that they're much too soft to
hear.

So sing, sing for the one you love
And sing, sing for the one that left you behind
And everyday the sun sets a little sooner
maybe someday it's something that you're eyes will
see
and everyday I move a little closer to her.
It's the day I fear you eyes will turn.

[] anything you wanted
the hand you kissed before the dawn,
the means to all these ends.
Well tell me the truth, are you happy where you're
sinking?
Stagnant from the start, we never had a prayer.

We fear, we fear to be alone
but it's clear that's all we ever are.
And everyday the sun sets a little sooner.
Maybe someday its something that your eyes will see
And everyday i move a little closer to her
It's the day I fear those eyes will turn away from me.

[So sing, sing for the one you love
And sing, sing for the one that left you behind
we fear, we fear to be alone
but it's clear that's all we ever are] x4
