I made a mess,
A little intervention please
Well it's a lonely place,
Waiting for what you'll never see

And now
Every little stop,
Every little stammer,
Waiting on your knees
You pray for answers
Whats worth waiting for?
Well, every little stop,
Every little stammer,
Waiting on your knees
You pray for answers
Whats worth waiting for?

I've kept childhood hymns in my pocket
Over and over and over again I tried
Well somehow I found that I lost it
What it is well I don't know, what it is well I don't know

Every little stop,
Every little stammer,
Waiting on your knees
You pray for answers
Whats worth waiting for?
Well, every little stop,
Every little stammer,
Waiting on your knees
You pray for answers
Whats worth waiting for?

I couldn't write my own,
So "Now I lay me down to sleep"â€¦
Plagiarized those lines
Until my hands would bleed

And now
Every little stop,
Every little stammer,

Waiting on your knees
You pray for answers
What's worth waiting for?
Every little stop,
Every little stammer,
Waiting on your knees
You pray for answers
Well I won't wait anymore
