If you've got a dream hold on  
Don't ever let it go  
Who's to say you're wrong  
Just do what's right within your soul

Don't let them take it from you  
Don't let them tell you your not right  
Don't let them take it from you  
Don't let go without a fight

Do you ever feel like we're just wasting time  
Sitting in your bedroom doing lines  
Paranoia rips right out of me

But today's the day, we show them all  
Heart and soul, rise or fall

Everywhere I go is the same  
Everyone I meet I know  
Something here's got to change  
There's to much belief to let it go

I won't let them take it from us  
I won't let them tell us we're not right  
I won't let them take it from us  
I won't let it go without a fight

Do you ever feel we're just wasting time  
Sitting in your bedroom drinking wine  
Through it all there is clarity

'Cause today's the day, we show them all  
Heart and soul, rise or fall

Still they say we're just wasting time  
Sitting in your bedroom doing lines  
There opinions mean nothing to me  
'Cause today's the day, we show them all  
Heart and soul, rise or fall  
Today's the day we're gonna see,  
Stop the bus, follow me

Today's the day, we show them all  
Heart and soul, rise or fall
