ZORNIK another year

Oh, I am sure that the stories they keep telling you
Are no surprise because people always talk more than
they should
Yes they do
Yes they do

Oh, I don't know where the stars are when the sun
comes out
In a while you'll be here
And I will not let you go
Before it's time
Before it's time

And I
Don't wanna waste another year
Without you
Don't wanna waste another year
Oh I
(before it's time)
Don't wanna waste another year
without you
(I don't want to)
Don't wanna waste another year

Don't rush
Don't run
We've got time on our side
I can see
Your smile
I love
Your smile
And I have been waiting a lifetime for you
And I will not be leaving
I'll stay here with you

And I
(before it's time)
Don't wanna waste another year
Without you

Don't wanna waste another year
Oh I
(before it's time)
Don't wanna waste another year
without you
(I don't want to so why should I)
Don't wanna waste another year

(repeat)

And I have been waiting a lifetime for you
And I will not be leaving
I'll stay here with you
