One - Two - Three - Go  
I've got an ego  
It won't let me go  
What am I gonna do?

A - B - C - D  
Paranoia's killing me  
I'm dying on my aching feet  
What a way to go

Roll up - Roll up  
People always stroll up  
Say "Why don't you grow up?"  
No thank you!

Big cats, small cats  
Some cats are fat cats  
Those cats are bad cats  
What we gonna do?

There's an awful lot of people in the world today  
There's an awful lot of trouble in the streets these days  
And it doesn't seem to matter what you do or say  
If a change is gonna come you've got to help it on it's  
way

A change is gonna come before too long I know  
Peace has gotta come, well, I could be wrong I know  
But I just don't know what I can do

You don't trust me and I don't trust you  
I bet you wish you did and I know I do  
Why have you got secrets? Cause I know you have  
If you've got something to hide then it must be bad

A change is gonna come before too long I know  
Peace has gotta come, well, I could be wrong I know  
But I just don't know what I can do

You don't trust me and I don't trust you  
I bet you wish you did and I know I do

Why have you got secrets? Cause I know you have  
If you've got something to hide then it must be bad

A change is gonna come before too long I know  
Peace has gotta come, well, I could be wrong I know  
But I just don't know what I can do
