And after many hours,
We don't know where we're going,
I fear it's destination zero
And it's so hard to please you,
To say the words that ease you.
But I will always go my own way

This was already known
But never really shown
I know it's destination zero
But have you really tried,
I know that I was I
But now I'm falling even harder

And you fall and you cry and you want me to die
Everything comes down on me
Despite of this you look so good to me
And you fall and you cry and you want me to die
Everything comes down on me
Despite of this you look so good to me
Wave me goodbye
Save me tonight
Take me away
Just turn it around

And you fall and you cry and you want me to die
Everything comes down on me
Despite of this you look so good to me
And you fall and you cry and you want me to die
Everything comes down on me
Despite of this you look so good to me

Good to me
Good to me
