I've been talking to myself, but I don't believe me  
Wakin' up to nothing new  
Except the ceiling, now, keeps gettin' closer somehow  
People keep on sayin' that I've got potential  
Lately I haven't been feelin' all that special  
Now, I'm gonna turn it around

Everybody has a moment when they wake up  
Everybody has a mornin' when they've had enough,  
Everybody gets to decide what they are gonna believe  
in

This is how I feel, this is where I stand, this is what I can  
do, and this is who I am  
And now I see my face like it was the first time  
I don't know what's changed, but now it feels like mine  
'Cause I've drawn, 'cause I've drawn (a line in the sand)  
I've drawn a line in the sand

I've been wearin' out my shoes draggin' down the  
sidewalks,  
Spendin' afternoons sleepin' at the bus stop  
Now, the hours pass like rain clouds  
People keep on sayin' that I'm goin' somewhere  
Tried to buy a map to show me how to get there, now  
But they said they'd run out

Everybody, put your backs up against the wall  
Everybody, this won't take any time at all  
Everybody, may I have your attention please?

This is how I feel, this is where I stand, this is what I can  
do, and this is who I am  
And now I see my face like it was the first time  
I don't know what's changed, but now it feels like mine  
'Cause I've drawn, 'cause I've drawn (a line in the sand)  
I've drawn a line in the sand

This is how I feel, this is where I stand, this is what I can  
do, and this is who I am  
And now I see my face like it was the first time

I don't know what's changed, but now it feels like mine  
'Cause I've drawn, 'cause I've drawn (a line in the sand)  
I couldn't cross it, now I can (line in the sand, line in the sand)

This is how I feel, this is where I stand, this is what I can do, and this is who I am

This is how I feel, this is where I stand, this is what I can do, and this is who I am

This is how I feel, this is where I stand, this is what I can do, and this is who I am

This is how I feel, this is where I stand... [fade]
