I used to walk without
Walk without a smile
Now I never leave
Stay awake, be good
Now you're out of sight
Therefore I can turn
Turn the wrongs to right
Sometimes i feel,
your smile is real
talking to myself
I am going down
I'm ready for the show
My smile has been destroyed
Now you're out of sight
Therefore I can turn
Turn the wrongs to right
Sometimes I feel,
your smile is real
There comes the pain,
it stabs me right into my soul
I cry
There goes the rain,
Leaving me like it was before
Sometimes I feel,
your smile is real
