You build a barricade of knows and don'ts that keeps  
you alife.

There's no juliet no romeo no urge to revive.

As your cage breaks down.

There's only one way out.

Don't be the one who you're not , it's not worth it.

You slip it to something that someone deserted.

Take your shot.

Grab your chance.

Make yourself the enemy.

As the wall conceals , surround you with hows to  
escape.

And the soundwaves biss your bones again, you start  
to awake.

As your cage breaks down.

There's only one way out.

And don't be the one who you're not, it's not worht it.

You slip in to something that someone deserted.

Take your shot.

Grab your chance.

Make yourself the enemy.

Take your shot.

Grab your chance.

Make yourself the enemy.

" Take your shot."

"Grab your chance."

"Proof you're not the enemy."

And take your shot.

Grab your chance.

And make yourself the enemy.

And take your shot.  
Grab your chance.  
Make yourself the enemy
