Nows the time your leaving you got to do what you got  
to do  
When you come in from the cold I'll still be warm for  
you  
But I won't be bending backwards like you never to  
done for me  
Take a look of whats left in side  
You've Only Got Your Jealousy

It's wearing me thin, all this trying to please  
I'm looking within and i can see for miles  
And I'm trying to grin as I'm trying to please  
I keep looking within and i can see for miles

Like a player in a show you never stay for what remains  
If you go and play your games of jealousy  
I don't want to deal with it again  
You got to lose it
