When the night-time comes you can hear  
My heart calling  
Calling out to you my one true love  
Thinking about you all of the while  
Thinking about you it's making me smile  
Honey I'm sitting on top of the world just  
Thinking about you

In the mornning light that's when I'm feeling right  
Another day come, another day go, another day closer  
till I make you my own  
Honey I'm siting on top of the world  
Just thinking about you

I wouldn't say it if it wasn't true  
Honey I'm in love with you  
I'm going to show you what I can do

Comeover here you've gotta be told,  
My love for you is out of control  
Honey I am sitting on top of the world,  
Just thinking about you girl  
I'm going to show you how much I care,  
Marry you and take you away some where  
Sit back in a rocking chair and rock all day with you my  
dear

Cause I love you, I love you I love you I love you

In the morrin, in the evening, in the night time or in the  
middle of the afternoon

I love you I love you I love you I love you  
Damn right
