Hi! Nice to see you
C'mon in, c'mon in
Sorry the place is a mess

Need an ashtray?
Drink some coffee, some coffee
I know you've been upset. What I mean is...

Maybe a part of your problem is simply, you were
teased
I know what you'd like
but the good stuff promised
Is hard fought and not for free

Get tough, don't be so patient
Get smart, head up, shoulders straight
Since when is it a disaster?
If the "S" on your cape is a little frayed?

What's a girl to do?
Born to shop? No! Pretty victories
What's a girl to do?
Scream
