Here comes the night
see the stars in the sky, shining high above,
light of love darling just you and I.
And a here come the night how I thrill to your kiss,
music fills the air, everywhre night of magic and bliss.

Think of the moments, the hours and hours that we
were
apart. Moments and hours that kept bringing showers
of tears to my heart.

And here comes the night like the others before but
tonight's divine you are mine once more.

Think of the moments, the hours and hours that we
were
apart. Moments and hours that kept bringing showers
of tears to my heart.

And here comes the night like the others before but
tonight's divine you are mine once more.
