If you don't like what's going down
you need to change something round
and what you can't change you've got to change the
way you thought about
If you don't like what's going down
you need to change something round
and what you can't change you've got to change the
way you thought about

Two days before i finally snap from bunked a gig
I was being a twat the bass player behind the cap he's
belgium
another bright screaming gang
Johnny drums see peeps leaving trailing gaps
putting face cream on between the breaks and tracks
I needed to stop this, draw the last of my ways
20 minutes to go the floor manager says
Been a long summer short span an age
i wanna dry my eyes and all the band on the stage
(I wana see the whole crowd in Belgium)
dead silence not very nice to feel so depressed and
violent
(He's fuckin' puttin moisturiser on, he's fuckin
moisturisin' his face i know YEAH)

If you don't like what's going down
you need to change something round
and what you can't change you've got to change the
way you thought about
If you don't like what's going down
you need to change something round
and what you can't change you've got to change the
way you thought about

(Some cunt is bringin up a load of fuckin shithole
streets hats)
Oi, oi, (?) down the day before the crafts
the hats were bought by warner staff thought they were
fakes,
not thought to ask
so i try and raid the audience found under the stage

but i'd only just spoken ted mayham has never seen
me so darn broken
the very next day in bed in London
with a girl i have little memory of
unable to feel anything much
which was the reason why i bought my first suit
wasn't thinking at that bit on stage
the fake streets hats were actually not fake!

If you don't like what's going down
you need to change something round
and what you can't change you've got to change the
way you thought about
If you don't like what's going down
you need to change something round
and what you can't change you've got to change the
way you thought about

If you don't like what's going down
you need to change something round
and what you can't change you've got to change the
way you thought about
If you don't like what's going down
you need to change something round
and what you can't change you've got to change the
way you thought about

(My ears who's that cunt?
tell him to fuck off man "the streets"
no look what what oh yeah no go go go yeah
mate sometimes you know it is made so hard)
