I used to keep a little distance, once bitten, twice shy
I paid the price for pleasure, to hear some young girl
sigh
I thought I got what i needed and then you came along
I couldn't take it, I couldn't fake it, when you proved
that I was wrong
(chorus)
If love should go, I want to be the last to know
Don't say no, I'll believe a lie
If love should go, I want to be the last to know
I don't want to hear it, I don't want to cry
Please let me get closer and fire up the second stage
Cause when you touch me i feel like lion breaking down
it's cage
Thought I was all that you needed, I thought everything
was fine
Now I'm insisting, you keep resisting, is somebody on
the line?
(chorus)
I don't want to know the circumstances
And i don't want to take no second chances
(chorus)
(chorus)
