[Intro:]

Say 'cause like this here, I'm a stay strapped nigga  
I'm a keep me bitch nigga. You understand me?  
Believe that  
She loves a nigga, real talk nigga  
Make way for a muthafuckin' gangsta, loc'd up G'd up  
At all muthafuckin' times homeboy, real talk  
Get it how you live jack.

(It's a Big E beat)

[Z-Ro:]

I got a gangsta chick & a classy girl  
I can't decide which one I wanna be with, it's drivin' me  
crazy  
The one that's good want me out of the hood  
But the other one be buggin' givin' me reasons to keep  
on thuggin'  
One of my girls got big ass breasts' & wide hips  
The other one is a 40 with a 30 round clip  
She the reason I'm still breathin' y'all know what it is  
Yeah I love her, but she can't give me kids  
And she can't run my bath water for me or roll me a  
cigarillo  
Ain't no sex either, she just gon' lay under the pillow  
But it's still a 3some 'cause my other lil' mama be in the  
bed too  
Doin' everything sexy black gon' do  
But black ain't able to catch an attitude with me  
Over nonsense, baby argue & act a fool with me.  
I need to make a decision, but when?  
'Cause all I need in this life of sin is me & my girlfriend.

[Hook:]

(You know I'm down with you, through all the up's &  
downs with you  
I feel like we can make this work)  
I need to make a decision, I don't know who to choose  
Either way I win, but I still lose, hey.  
(Baby you know I ride for you, whenever you want me to  
I'm the one that makes sure you don't get hurt)

I need to make a decision, I don't know who to choose  
Walkin' in a regular man's or a gangsta's shoes, hey.

[Verse 2:]

She can't do it to you like this, she can't give it to you  
like that  
She can't even let you hit it from the back  
I'm the reason you can breath easy, I'm the reason  
everybody fear you  
The bitch that won't let trouble come near you  
I'm the one you can lean on when times get hard  
The one that's tryin' to bring you closer to God  
Yeah but when it get gangsta, all she gon' do is run &  
hide  
I'm a hold you down baby, just think of me while  
tomorrow die.

[Z-Ro:]

Stuck between affection & protection  
My girl & my weapon, this situation's got me stressin'  
Yeah I'm a Hoover gangsta crip but I'm a man first  
Even still I find myself fingerin' sexy black until my  
hand hurts  
Dumpin' on my enemies to save my life  
With intentions on gettin' laid tonight  
So I guess in the end, all I need in this life of sin  
Is me & both of my girlfriends.

[Hook:]

(You know I'm down with you, through all the up's &  
downs with you  
I feel like we can make this work)  
I need to make a decision, I don't know who to choose  
Either way I win, but I still lose, hey.  
(Baby you know I ride for you, whenever you want me to  
I'm the one that makes sure you don't get hurt)  
I need to make a decision, I don't know who to choose  
Walkin' in a regular man's or a gangsta's shoes, hey.

[Z-Ro:]

Sexy black listen, if the police get you & me then I'll  
end up in prison  
5 years minimum what they givin'  
That's the reason why I chuck you out the window, when  
they pull up on my rear  
Come back & scoop you later when the coast is clear  
And baby girl, you already know how I feel about you  
I can't picture myself livin' without you  
But in this bidness I'm in, it's do or die that's why  
I keep my gangsta bitch at my side when I ride. Is you  
feelin' me?

Would you rather picture someone killin' me?  
3 shots to the dome, have you wonderin' why I ain't  
came home  
For me sexy black is necessary, like commissary when  
I'm in hell  
'Cause murderers & jackers be givin' me hell  
So fuck it, let's have a menizzle twizzle  
One of y'all on my left one of y'all on my right & me in  
the middle  
Something beautiful is about to begin 'cause all I need  
in this life of sin  
Is me & both of my girlfriends.

[Hook:]

(You know I'm down with you, through all the up's &  
downs with you  
I feel like we can make this work)  
I need to make a decision, I don't know who to choose  
Either way I win, but I still lose, hey.  
(Baby you know I ride for you, whenever you want me to
